

DECODING SCHOOLS

How to confidently choose the best school for your child.

Choosing a school in Chicago can feel daunting and confusing. In this workshop we break it down together, so you can navigate the search with clarity and choose the best fit for your child and family.

WHAT YOU'LL LEARN

**Decode the terminology**

Neighborhood, magnet, selective enrollment, charter, IEP, 504, MTSS, and more, in plain language.

**Know your child**

Match a school's environment to your child's temperament, social needs, and how they thrive.

**Weigh what matters**

Balance educational philosophy with real family logistics: commute, care, siblings, involvement.

**Tour with a plan**

Build a 'look-for' checklist and the key questions to ask on every school tour.

PRESENTED BY

**Dr. Abby Salat**

Director, Child & Adolescent Program

A school psychologist for over a decade, Dr. Salat knows the school system from the inside. She's also a Chicago parent who has navigated this exact search for her own kids, and she brings both perspectives to help families choose with confidence.
